

**WASSA EAST DISTRICT ASSEMBLY**  
**ENVIRONMENTAL HEALTH AND SANITATION UNIT**  
**MONITORING REPORT ON NUTRITION AND HYGIENE IN BASIC**  
**SCHOOLS, 2021**

**INTRODUCTION:**

The Environmental Health and Sanitation Unit conducted monitoring of caterers and cooks' activities in various public basic schools under Ghana School Feeding Programmes in Wassa East District. The exercise seeks to achieving the objectives of Ghana School Feeding Programme by ensuring that caterers and cooks practice basic hygiene in handling, preparing and serving wholesome and nutritious food to school children in Wassa East District. Again, the exercise was conducted to ensure that foods are free from contamination of contagious disease transmitting agents and elements by the caterers and cooks.

The exercise was a follow-up action after organizing orientation and training workshop on nutrition and hygiene for caterers, cooks, head teachers and school implementation committee members across the district. Caterers and cooks were sensitized again on general sanitation practices before, during and after preparation of food. Personal hygiene was a critical issue that was dealt with. Medical screening was again organized for the food handlers (caterers and cooks) to ascertain their health status.

The Desk officer and other District Implementation Committee members assisted the Environmental Health Unit to conduct the monitoring exercise across the district.

The table below shows the monitoring and follow-up actions of food establishments

No. of basic schools inspected	Observations	Remarks
41	<ul style="list-style-type: none"> <li>• Caterers and cooks were medically certified</li> <li>• Cooking and serving areas</li> </ul>	Caterers and cooks complied and applied basic hygiene practices in their operations.

	<p>were clean</p> <ul style="list-style-type: none"> <li>• Personal and hand hygiene was good.</li> <li>• Foods contained the required nutrients</li> </ul>

41.	Akyempim A. Primary School	Hannah Brimah	GHA-719359223-3	AK083 AKYEMPIM

## RECOMMENDATIONS

Regular training, monitoring and supervision should be facilitated to achieve set targets of Ghana School Feeding Programme.
